TV User Guide

This guide is here to teach how how to setup, customize and use the Toornament TV.

The screenshot displays the Toornament TV interface for a Counter-Strike: Global Offensive tournament. At the top, there are logos for DreamHack, EIZO, Counter-Strike: Global Offensive, and Toornament.com. A green badge in the top right corner indicates "100% MATCHES PLAYED". The main content area is titled "LATEST RESULTS" and shows match outcomes across different rounds. At the bottom left, the time is 17:22 UTC+02:00. At the bottom right, a message states "The tournament was organized by DreamHack".

Round	Team 1	Score	Team 2	Score
PLAYOFFS / ROUND 2	FNATIC	2	ENVYUS	1
PLAYOFFS / ROUND 1	ENVYUS	2	DIGNITAS	0

What is the Toornament TV?

The Toornament TV is an automated, smart content display. It is a webpage serving two main functions:

1. Generate in-between matches content for your online presence (livestreams)
2. Help your audience and competitors get the latest, most relevant information during your offline events

With the TV, you can generate dynamic content without any human intervention once it is setup.

Each tournament comes with its own Toornament TV, and each TV displays information about a single tournament.

What information is displayed?

- Tournament Logo
- Sponsors logos loop
- Tournament discipline logo
- Tournament completion
- Information slides (detailed later)
- Date & Time (in the tournament timezone)
- Newsfeed with general messages
- (optionnal) Twitter integration in the newsfeed
- (optionnal) Facebook photo album integration

The screenshot displays a tournament scoreboard for Counter-Strike: Global Offensive. At the top, it features logos for #ESWC, MAD CATZ, COUNTER STRIKE GLOBAL OFFENSIVE, and tournament.com, along with a '100% MATCHES PLAYED' indicator. The main content is a grid of match results:

Match Stage	Team 1	Score 1	Team 2	Score 2
PLAYOFFS / MAIN BRACKET / FINAL	TEAM LDLC	0	VIRTUS.PRO	2
	FNATIC	2	NATUS VINCERE	1
PLAYOFFS / MAIN BRACKET / SEMI-FINALS	TEAM LDLC	2	VIRTUS.PRO	0
	NATUS VINCERE	0	FNATIC	2
PLAYOFFS / MAIN BRACKET / QUARTER FINALS	TEAM DIGNITAS	1	FNATIC	2
	VIRTUS.PRO	2	HELLRAISERS	0
PLAYOFFS / MAIN BRACKET / QUARTER FINALS	TEAM LDLC	2	NATUS VINCERE	2
	TITAN	0	TEAM IBUYPOWER	0

At the bottom left, the time is 17:25 UTC+02:00. At the bottom right, a message states: 'The tournament had a total of 68 matches'.

What are the different slides?

- Before/After tournament general information
- Upcoming matches
- Latest results
- In progress matches
- Stage information (group and league rankings, bracket rounds...)
- (optionnal) Facebook photo album gallery

What are the required information?

To work at its best, the Toornament TV requires the matches of the tournament to be scheduled, as the smart module relies on the matches' status, and date and time to filter and display them in the right slides.

So make sure you scheduled your matches in the "Matches" tab of the Organizer Dashboard if you plan on using the Toornament TV.

The screenshot shows the Toornament Organizer interface. On the left is a dark sidebar with navigation options: Vomatic, My Tournaments, Chara (Dragon Ball FighterZ), Overview (active), Settings, Structure, Registrations, Participants, Placement, Matches, Overview (with a right arrow), 1. Playoffs, Share, and Administrate. Below the sidebar are links for Help center and Back to Toornament.com, along with social media icons.

The main content area is titled 'Matches' and features two summary cards: '7 Matches' and '0 Completed'. Below these is a 'List of matches' table with a 'Show Filters' link on the right. The table lists 7 matches, all with the status 'To be determined' and 'To be determined'. The matches are organized by round: Round 1 (4 matches), Round 2 (2 matches), and Round 3 (1 match). A blue box highlights the date and time for the last match in the list.

Match ID	Round	Status	Date	Time
Match #1.1.1.1	Playoffs- Round 1	To be determined	15 Apr 2019	20:00
Match #1.1.1.2	Playoffs- Round 1	To be determined	15 Apr 2019	20:00
Match #1.1.1.3	Playoffs- Round 1	To be determined	15 Apr 2019	21:00
Match #1.1.1.4	Playoffs- Round 1	To be determined	15 Apr 2019	21:00
Match #1.1.2.1	Playoffs- Round 2	To be determined	15 Apr 2019	22:00
Match #1.1.2.2	Playoffs- Round 2	To be determined	15 Apr 2019	22:00
Match #1.1.3.1	Playoffs- Round 3	To be determined	15 Apr 2019	23:00

What parts can I customize?

On any Toornament TV, you are able to customize a selection of elements:

- Tournament Logo
- Sponsors logos (displayed in a loop)
- Background image
- Foreground image
- Color scheme

DREAMHACK **EIZO** **COUNTER STRIKE GLOBAL OFFENSIVE** **toornament.com** **100% MATCHES PLAYED**

What is the TV resolution?

The Toornament TV is set in a 1920*1080 resolution, which is the standard Full HD resolution used by most displays and streams.

You can use your browser's zoom feature to fit the Toornament TV in another resolution (the best is always to use it in full screen (F11 by default on Chrome)).

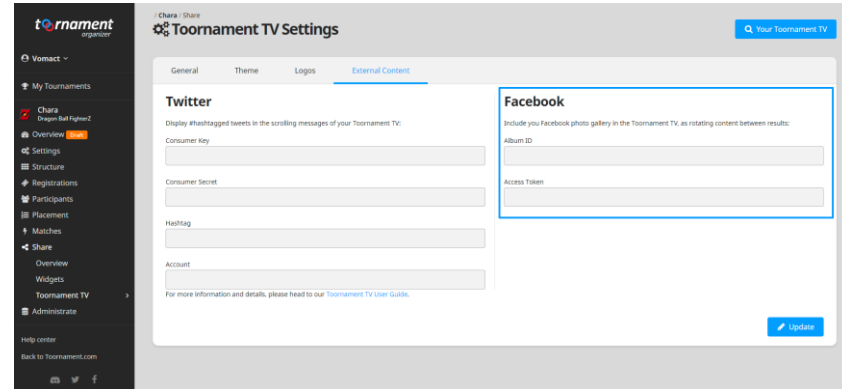

The tournament and sponsors logos must follow a 16:9th ratio, and at least 320*180px.

How to add a Facebook photo gallery? (1/2)

You can display pictures from a Facebook photo album on a TV, through an App+Token process:

1. Ask for a developer account: <https://developers.facebook.com/apps>
2. Create a **public** Facebook album, and host your pictures in it (it must be public). If the album is in a page, you must be an admin of this page
3. Create a new Facebook App from the previous link, and go into the « General Parameters » to display the « Secret Key » (you will be asked for your FB password)
4. Replace with your APP_ID and APP_SECRET in this URL https://graph.facebook.com/oauth/access_token?client_id=APP_ID&client_secret=APP_SECRET&grant_type=client_credentials to get your Access Token

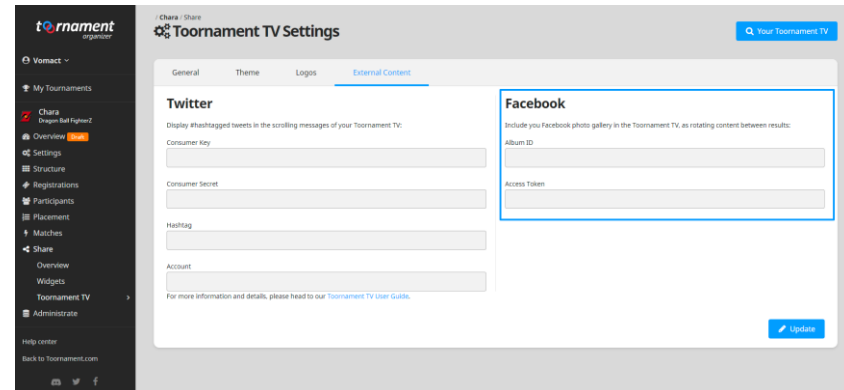

How to add a Facebook photo gallery? (2/2)

- Then get your Facebook Album ID, it is the first string shown in the URL when you are on the album page (see <http://support.averta.net/en/knowledgebase/find-facebook-album-id/> for more information)
- Enter both your Album ID and Access Token in the Toornament TV settings.

Notes:

- The TV only handles landscape-oriented pictures, with a minimum resolution of 1280*720px.
- Your album must contain at least 3 valid pictures to be displayed on the TV

How to add a Twitter newsfeed?

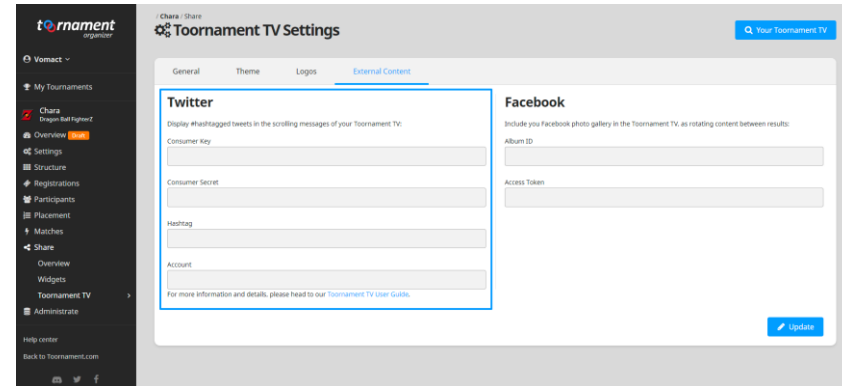

You can display tweets from an account, and that include a specific hashtag in the newsfeed of your Toornament TV.

For example, you setup the TV to show tweets from the **@toornament** account with a **#esports** hashtag, and only those will get displayed.

For the “Consumer” information, here’s how to get them from Twitter:

1. Go to <https://apps.twitter.com/>
2. Create a new app
3. Get the token in the “Keys and tokens” tab, you need the Consumer key (API Key) and Consumer secret (API secret key)

Notes: The TV has a 150 characters limit on displayed tweets.

What are the next steps?

We are working on making the Tournament TV a flexible and smart tool, and will keep you updated on our progress!
